

STRENGTH IN NUMBERS

Utilizing a third party payroll service has become an essential part of effective contingent workforce management. Whether its independent contractor services for W-2, 1099 and incorporated contractors or temporary staff for special projects, returning retirees or other consultants sourced by your company, the need for an experienced payroll administrator has never been more important.

At Third Party Pay, we ensure professional payroll management so that you can be confident that the job is being executed properly. Our services allow your company to defer the liability, non-productive administrative costs and back office work to us.

THE BENEFIT TO YOU

Incorporating a practical solution to full-time hiring enables you to balance uneven workloads and optimize internal resources. You will save time and money while gaining flexibility and peace of mind.

HIRE THE PERSON YOU WANT

Determine the appropriate candidate(s) and compensation then place them on our payroll. This will give you the opportunity to evaluate the candidate(s) before transferring them to your payroll.

ELIMINATE COSTS

Decrease the expenses associated with the management and turnover of a contingent workforce such as adding to your administrative staff to handle the ever-growing demands of payroll management.

REDUCE RISK

Mitigate the co-employment risks related to contract employment by allowing Third Party Pay to take responsibility for unemployment and workers' compensation, federal, state and local taxes, general liability insurance and compliance with applicable employment laws.

SAVE TIME

Remove the burden of overseeing the payrolling process. We will ensure that you are always compliant and that means less wasted effort in possible claims, violations and reviews. You free your talent resources to address the core goals of your business making you and your staff more productive.

WHAT WE DO

- Payroll preparation including calculation of state/federal taxes and all other applicable employee deductions
- Check processing with direct deposit available
- Tax deposits such as FICA, FUTA and SUTA
- Filing all forms including W-2s and 1099s
- Act as Employer of Record for incorporated contractors needing representation by third party
- Offer benefits for eligible employees or contractors through our partner Imprimis Group
- Handle unemployment insurance and workers' compensation
